

**Technical data: GBH 3-28 DRE Professional**

---

Rated power input	800 W
Max. impact energy	3,1 J
Impact rate at rated speed	0 – 4.000 bpm
Rated speed	0 – 900 rpm
Weight	3,5 kg
Length	326 mm
Height	233 mm
Toolholder	SDS-plus
<b>Drilling range</b>	
Drilling diameter in concrete with hammer drill bits	4 – 28 mm
Optimum range of applications in concrete with hammer drill bits	12 – 18 mm
Max. drilling diameter in masonry with core cutters	82 mm
Max. drilling diameter in steel	13 mm
Max. drilling diameter in wood	30 mm

**Functions**

- 
- Forward/reverse operation
  - Electronic
  - Overload clutch
  - Bosch SDS System

**Noise/vibration information**

Measured values determined according to EN 60745.  
Total vibration values (vector sum of three directions)

---

<b>Chiselling</b>	
Vibration emission value ah	12.0 m/s <sup>2</sup>
Uncertainty K	1.5 m/s <sup>2</sup>
<b>Hammer drilling in concrete</b>	
Vibration emission value ah	13.0 m/s <sup>2</sup>
Uncertainty K	1.5 m/s <sup>2</sup>
